#### **Opinion**

We have audited the accompanying combined financial statements of the Society of Louisiana Certified Public Accountants and Related Organizations (a nonprofit organization), which comprise the combined statements of financial position as of April 30, 2025 and 2024, and the related combined statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of the Society of Louisiana Certified Public Accountants and Related Organizations as of April 30, 2025 and 2024, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Society of Louisiana Certified Public Accountants and Related Organizations and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

www.dhhmcpa.com

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Society of Louisiana Certified Public Accountants and Related Organizations' ability to continue as a going concern within one year after the date that the combined financial statements are available to be issued.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Society of Louisiana Certified Public Accountants and Related Organizations' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Society of Louisiana Certified Public Accountants and Related Organizations' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control matters that we identified during the audit.

#### **Report on Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The combined statements of functional revenues and expenses are presented for purposes of additional analysis and are not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

#### **Report on Summarized Comparative Information**

We have previously audited the Society of Louisiana Certified Public Accountants and Related Organizations' 2024 combined financial statements, and we expressed an unmodified audit opinion on those audited combined financial statements in our report dated August 5, 2024. In our opinion, the summarized comparative information presented herein as of and for the year ended April 30, 2024, is consistent, in all material respects, with the audited combined financial statements from which it has been derived.

Ouplantier, Hapmann, Hogan Mater LLP Metairie, Louisiana

#### **ORGANIZATION:**

The Society of Louisiana Certified Public Accountants (the Society) was incorporated in 1911 and is located in Metairie, Louisiana. The mission of the organization is to serve the common needs of its members and to enhance the professional environment in which they work. The membership includes approximately 6,555 Certified Public Accountants (CPAs), CPA licensee candidates, and students. The CPAs and CPA licensee candidates are primarily in Louisiana working in public practice, industry, government, and education. The primary sources of revenue to accomplish the purpose of the Society are membership dues and continuing professional education revenue.

The Society, through its Executive Committee, operates an Education Foundation. The Education Foundation has a fiscal reporting period of April 30. The objective of the Education Foundation is to promote accounting education and accounting careers to prospective CPAs, the public, and university faculty. The Education Foundation funds college scholarships for accounting students.

Effective May 1, 2017, the accounts of nine local chapters merged with the Society. Subsequent to the date of this merger, all operations of these nine local chapters are conducted by the Society. Current and prior year chapter function income and expenses are included in the combined statements of activities. The net assets transferred as of May 1, 2017, and the accumulated net income from the chapters since the date of transfer, have been designated by the Board for future chapter functions (see Note 6).

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

#### Basis of Accounting:

The Society and its related organizations recognize revenue and record expenses on the accrual basis of accounting.

#### Principles of Combination:

The combined financial statements include the accounts of the Society of Louisiana Certified Public Accountants Education Foundation, Inc. (Education Foundation) in accordance with FASB ASC 958-810-50.

#### Basis of Presentation:

The Society is required to report information regarding its financial position and activities according to two classes of net assets: net assets – with donor restrictions and net assets – without donor restrictions. Net assets – without donor restrictions are not subject to or are no longer subject to donor-imposed stipulations. Net assets – with donor restrictions are limited by donor-imposed time and/or purpose restrictions.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

#### Cash and Cash Equivalents:

For the combined statement of cash flows, the Society considers cash on deposit, cash on hand, and money market funds with original maturities less than three months to be cash equivalents.

#### Accounts Receivable:

Accounts receivable is stated at cost less an allowance for credit losses. Accounts are considered delinquent when 30 days past due (based on days since last payment). The allowance account consists of an estimate of uncollectible specifically identified accounts and a general reserve. Management's evaluation of the adequacy of the allowance is based on a continuing review of all accounts and includes a consideration of past member history, any adverse situations that might affect the member's ability to repay, and current economic conditions. The need for an adjustment to the allowance is considered at year-end to reflect any changes in credit risk since receivables were initially recorded. Amounts charged-off that are subsequently recovered are recorded as income.

#### **Investments**:

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values (based on quoted market prices) in the combined statement of financial position. Other investments include securities of a non-subsidiary corporation for which there is no readily determinable fair market value. This investment has been carried at cost written down to \$100 based on management's estimate of it having minimal or no value. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in net assets without restrictions if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

#### Functional Allocation of Expenses:

The costs of providing various programs and other activities have been summarized on a functional basis in the combined statements of activities and in the combined statements of functional expenses. Certain expenses have been allocated among various programs based on time allocation of Society staff. Facility and depreciation expenses are allocated to each function based on square footage utilized by the function.

#### Property and Equipment:

Property and equipment are recorded at cost. The policy of the Society is to capitalize assets with a value greater than \$500 and an economic life greater than one year.

#### 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>: (Continued)

#### Property and Equipment: (Continued)

Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the respective assets, generally five years for office equipment, leasehold improvements and automobiles, and three years for computer equipment and related software. Depreciation and amortization expense totaled \$76,867 and \$83,326 in the years ended April 30, 2025 and 2024, respectively. Finance lease amortization expense totaled \$2,724 and \$2,724 in the years ended April 30, 2025 and 2024, respectively.

#### Deferred Revenue:

Deferred revenue consists primarily of billings and payments received from the peer review program and registrants for continuing professional education seminars. The peer review program is billed on a calendar year basis with income recognized systematically over the same period as peer review services are performed. The deferred revenues and any related expenses from continuing professional education seminars are recognized as the seminars are held. Annual membership dues are recognized systematically over a twelve-month period.

#### Contributed Services:

During the years ended April 30, 2025 and 2024, the value of contributed services meeting the requirements for recognition in the combined financial statements was not material and has not been recorded. In addition, many individuals volunteer their time and perform a variety of tasks that assist the organization.

#### **Income Taxes**:

The Society and Education Foundation are exempt from income taxes as entities described in Section 501(c)(6) and Section 501(c)(3), respectively, of the Internal Revenue Code. Therefore, no provision for income taxes has been made in the combined financial statements.

Unrelated business taxable income (UBTI) is derived from any activity that constitutes a trade or business that is regularly carried on and is not substantially related to the organization's tax-exempt purposes. During the years ended April 30, 2025 and 2024, the Society and the Education Foundation did not incur any income tax from UBTI.

Accounting standards provide detailed guidance for financial statement recognition, measurement, and disclosure of uncertain tax positions recognized in an entity's financial statements. It requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Income Taxes: (Continued)

As of April 30, 2025 and 2024, the Society and its related organizations believe that they have no uncertain tax positions that qualify for either recognition or disclosure in the combined financial statements. Tax returns typically remain subject to examination by the taxing authorities for three years.

#### Advertising, Public Information Expense, and Media Relations Expense:

The Society records the costs of all advertising, public information expense, and media relations expense in the periods in which the advertising, public information, or media relations occurs. Such costs amounted to \$16,689 and \$14,770 in the years ended April 30, 2025 and 2024, respectively.

#### Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### 2024 Financial Information:

The combined financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the organization's financial statements for the year ended April 30, 2024, from which the summarized information was derived.

#### Revenue Recognition:

The Society recognizes revenue following the five-step model outlined in Financial Accounting Standards Board (FASB) Accounting Standards Codification 606, *Revenue from Contracts with Customers*. The core principle of the standard is that revenue is recognized when (or as) control of the promised goods or services is transferred to the customer, at an amount reflecting the consideration the Society and its related organizations expect to receive in exchange for those goods or services.

#### 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>: (Continued)

Revenue Recognition: (Continued)

The five-step model to accomplish the core principle of the standard includes:

- 1) Identification of the contract with the customer;
- 2) Identification of the performance obligation(s) under the contract;
- 3) Determination of the transaction price;
- 4) Allocation of the transaction price to the identified performance obligation(s); and
- 5) Recognition of revenue as (or when) an entity satisfies the identified performance obligation(s).

See additional information relating to revenue recognition in Note 11.

#### Leases:

The Society determines if an agreement is a lease or contains a lease at inception. Under ASU 2016-02, an agreement is (or contains) a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is defined under the standard as having both the right to obtain substantially all of the economic benefits from the use of the asset and the right to direct the use of the asset. The Society only reassesses its determination if the terms and conditions of the contract are changed.

The lease term for accounting purposes may include options to extend or terminate the lease when it is reasonably certain that the Society will exercise the option. Right-of-use assets and the corresponding lease liabilities are recorded at the commencement date based on the present value of lease payments over the expected lease term. The Society uses the risk-free borrowing rate to calculate the present value of the lease payments for its operating and finance leases unless the lease has a rate implicit in the lease agreement. Leases with a term of twelve months or less or month-to-month are excluded from this standard. Leases with a contract value of less than \$10,000 are recorded in the same manner as a short-term lease.

#### 2. ACCOUNTS RECEIVABLE:

Accounts receivable consisted of the following as of April 30, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
CPE, Peer Review, CART	\$ 17,875	\$ 22,012
Other	9,213	1,032
Less: allowance for credit losses	 (1,000)	 (1,000)
Accounts receivable, net of allowance	\$ 26,088	\$ 22,044

#### 2. <u>ACCOUNTS RECEIVABLE</u>: (Continued)

The Society writes off receivables when there is information that indicates that there is no possibility of recovery. If any recoveries are made from any accounts previously written off, they are recognized in income or as an offset to credit loss expense in the year of recovery, in accordance with the Society's accounting policy election. During the years ended April 30, 2025 and 2024, the Society recorded income of \$239 and \$2,550, respectively, from the recovery of credit losses/bad debts written off in prior years. Adjustments to the provision for credit losses resulted in expense of \$488 and \$858, respectively, for the years ended April 30, 2025 and 2024.

#### 3. <u>INVESTMENTS AT FAIR VALUE</u>:

Investments consisted of the following as of April 30, 2025:

Fair value is determined using a hierarchy which has three levels based on the reliability of the inputs. These levels include: Level 1, unadjusted quoted prices in active markets for identical assets and liabilities; Level 2, directly or indirectly observable inputs other than quoted prices for the asset or liability; and Level 3, unobservable inputs for use when little or no market data exists. All investments of the Society recorded at fair value are within Level 1 of the fair value hierarchy. Although the Society believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following schedule summarizes the investment return and its classification in the combined statement of activities for the years ended April 30, 2025 and 2024:

#### 3. <u>INVESTMENTS AT FAIR VALUE</u>: (Continued)

	April 3	30, 2025	
	hout donor strictions		donor ictions
Interest and dividends Net realized and	\$ 111,049	\$	-
unrealized gain (loss)	 212,679		
Total investment return	\$ 323,728	\$	
	April 3	0, 2024	
	nout donor strictions		donor
Interest and dividends Net realized and	\$ 113,915	\$	<u> </u>
unrealized gain (loss)	275,484		
Total investment return	\$ 389,399	\$	

#### 4. <u>CONCENTRATIONS AND RISKS</u>:

The Society maintained cash accounts at local banks during the years ended April 30, 2025 and 2024. The Federal Deposit Insurance Corporation (FDIC) provides insurance coverage up to \$250,000 in the aggregate, per financial institution. In the event of a failure of the bank, the FDIC is not obligated to pay uninsured deposits. At various times during the years ended April 30, 2025 and 2024, the Society had funds on deposit in excess of the insured amount. As of April 30, 2025 and 2024, the Society had bank balances in excess of insurance coverage of \$104,564 and \$102,350, respectively.

Investments represent a significant portion of total assets. Such investments are subject to interest rate and other risks including the possible loss of principal as reflected in the combined statement of financial position. Future changes in the financial markets could affect the future earnings from these investments.

#### 5. LEASES:

During the years ended April 30, 2025 and 2024, the Society maintained lease agreements for the rental of office space for its operations which are classified as operating leases. The Society also maintained a lease for the use of a copy machine that is classified as a finance lease.

#### 5. <u>LEASES</u>: (Continued)

During the year ended April 30, 2022, the Society entered into a 64-month lease agreement for an office in Metairie, Louisiana through May 31, 2027. This lease included abatement of four months of rent from February through May of 2022. The lease includes a security deposit equal to the first month's rent payment. There are no variable lease payments under this lease. The lease includes a renewal option for five years upon expiration of the initial 64-month lease agreement. The Society anticipates to exercise this renewal option; therefore, the additional five-year renewal period is included in the calculation of the right-of-use asset and operating lease liability. The lease agreement did not specify an explicit interest rate; therefore, the Society used the ten-year risk-free rate of 2.89% in calculating the right-of-use asset and liability. Upon commencement of the lease, the Society recognized a right-of-use lease asset and lease liability of \$1,125,433 and \$1,150,001, respectively. As of April 30, 2025, the balance of the right-of-use asset and lease liability were \$852,265 and \$855,977, respectively. As of April 30, 2024, the balance of the right-of-use asset and lease liability were \$951,200 and \$961,864, respectively.

The Society entered into a lease agreement on December 31, 2015, for the use of office space in Baton Rouge, Louisiana at a monthly rate of \$1,500 per month. The lease was subject to automatic renewal. If lessee, or lessor, desired to terminate the lease at the expiration of its term, he must give to the other written notice of at least 30 days prior to that date. The lease has been continually renewed on an annual basis, with the monthly rate increasing to \$1,600 per month beginning January 1, 2021. The lease was renewed on January 1, 2023 and on January 1, 2024, for one-year increments. The Society expected to maintain this lease through December 31, 2026, at the monthly rate of \$1,600. The lease agreement did not specify an explicit interest rate; therefore, the Society used the three-year risk-free rate of 2.87% in calculating the right-of-use asset and operating lease liability. Upon commencement of the lease, the Society recognized a right-of-use lease asset and lease liability of \$107,211 and \$105,711, respectively. Effective January 1, 2025, the Society entered into a new lease agreement for the Baton Rouge, Louisiana office and the original lease was terminated. The right-of-use asset and corresponding lease liability were removed from financial statements and a new right-of-use asset and lease liability were recorded. As of April 30, 2024, the balance of the right-of-use asset and lease liability were \$50,733 and \$49,233, respectively.

The Society entered into a 60-month lease agreement for the Baton Rouge, Louisiana office space. The new lease was effective on January 1, 2025, and the right-of-use asset and operating lease liability were recalculated under the new agreement's terms. The lease is not subject to automatic renewal. If lessee desires that the lease term renew or extend, a mutual written agreement must be entered into between the lessee and lessor by the date of lease expiration of December 31, 2029. The lease has an initial monthly rent of \$1,850 for the first 2 years with rent increasing \$100 per month each subsequent year. The lease agreement did not specify an explicit interest rate; therefore, the Society used the five-year risk-free rate of 4.38% in calculating the right-of-use asset and operating lease liability. Upon commencement of the lease, the Society recognized a right-of-use asset and lease liability of \$107,106 and \$105,606, respectively. As of April 30, 2025, the balance of the right-of-use asset and lease liability were \$101,215 and \$99,715, respectively.

#### 5. <u>LEASES</u>: (Continued)

During the year ended April 30, 2023, the Society entered into a five-year lease agreement for a copy machine. The agreement is considered to be a finance lease agreement applicable under ASU 2016-02, *Leases* (Topic 842). The lease commenced on April 17, 2023, with monthly payments of \$247. There are no variable payments under lease, and the Society does not have any right to extend or terminate the lease. The lease agreement did not specify an explicit interest rate; therefore, the Society used the five-year risk-free rate of 3.37% in calculating the right-of-use asset and finance lease liability. Upon commencement of the lease, the right-of-use lease asset and lease liability were \$13,621 and \$13,621, respectively. As of April 30, 2025, the balance of the right-of-use asset and lease liability were \$7,946 and \$8,223, respectively. As of April 30, 2024, the balance of the right-of-use asset and lease liability were \$10,670 and \$10,861, respectively.

The following summarizes the line items in the combined statements of financial position for operating and finance leases as of April 30:

Leases	Classification	2025	2024
Assets:			
Operating	Right-of-use assets - office leases	\$ 953,480	\$ 1,001,933
Finance	Right-of-use assets - equipment	7,946	10,670
		\$ 961,426	\$ 1,012,603
<u>Leases</u> Current Liab	<u>Classification</u>	<u>2025</u>	<u>2024</u>
	Operating lease liability - office leases	\$ 128,548	\$ 123,910
Finance	Finance lease liability - equipment	2,729	2,638
		\$ 131,277	\$ 126,548
Non-current	Liabilities:

Short-term leases	Included in member services	\$	401	\$	182
	Included in continuing professional education	•	370	,	168
Total short-term le		\$	771	\$	350

#### 5. <u>LEASES</u>: (Continued)

The following summarizes cash flow information related to leases for the years ended April 30, 2025 and 2024. Cash paid for amounts included in the measurement of lease liabilities for the years ended April 30:

	<u>2025</u>	<u>2024</u>
Operating cash flows from operating leases	\$ 145,541	\$ 143,195
Operating cash flows from finance leases	\$ 325	\$ 413
Financing cash flows from finance leases	\$ 2,638	\$ 2,551

Lease assets obtained in exchange for lease liabilities at inception of leases for the years ended April 30:

	<u>2025</u>	<u>2024</u>
Operating lease - office leases	\$ 105,606	\$ -
Finance lease - equipment	\$ _	\$ -

#### 6. BOARD DESIGNATED NET ASSETS:

The Education Foundation has designated investment income and unrealized gains (losses) on endowment assets for the purpose of awarding scholarships. Designated net assets for this purpose totaled \$330,904 and \$321,439 as of April 30, 2025 and 2024, respectively.

The Society has designated net assets for the purpose of conducting the activities of the individual chapters. Designated net assets for this purpose totaled \$327,657 and \$342,410 as of April 30, 2025 and 2024, respectively.

#### 7. NET ASSETS WITH DONOR RESTRICTIONS:

Donations with donor-imposed restrictions for the purpose of awarding scholarships are considered restricted until the scholarships are awarded. Students are selected to be given scholarships based on academic merit and achievement and an essay. They must be at least a fifth semester student enrolled in an accounting program in a Louisiana four-year college or university. The income is expendable to support the purpose of scholarship awards (see Note 8). These net assets with donor restrictions totaled \$262,108 and \$234,808 for the years ended April 30, 2025 and 2024, respectively.

Net assets totaling \$6,135 and \$12,927 were released from restrictions in the years ended April 30, 2025 and 2024, respectively, by incurring expenses satisfying the restricted purpose.

#### 8. <u>ENDOWMENT ASSETS</u>:

As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. Endowment fund assets consist of six separate funds. The principal investment is restricted in perpetuity (see Note 7). Investment income and unrealized gains or losses are Board designated for the purpose of awarding scholarships. Dues contributions from members are restricted until funds are released for the purpose of awarding scholarships (see Note 6). Contributions with restrictions totaled \$21,000 and \$11,000 for the years ended April 30, 2025 and 2024, respectively.

#### Interpretation of Relevant Law:

The Board of Trustees of the Education Foundation has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Education Foundation classifies as net assets with restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund is classified as net assets with restrictions until those amounts are appropriated for expenditures by the organization in a manner consistent with the standard for prudence prescribed by SPMIFA.

In accordance with SPMIFA, the Education Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund
- 2) The purposes of the organization and the donor-restricted endowment fund
- 3) General economic conditions
- 4) The possible effect of inflation and deflation
- 5) The expected total return from income and the appreciation of investments
- 6) Other resources of the organization
- 7) The investment policies of the Education Foundation

#### 8. <u>ENDOWMENT ASSETS</u>: (Continued)

#### **Financial Summary**:

The following summarizes the financial activity for the Education Foundation for the years ended April 30, 2025 and 2024:

### Endowment Net Asset Composition by Type of Fund as of April 30, 2025

#### 8. <u>ENDOWMENT ASSETS</u>: (Continued)

#### Funds with Deficiencies:

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or SPMIFA requires the Education Foundation to retain as a fund of perpetual duration. In accordance with generally accepted accounting principles, deficiencies of this nature are reported in net assets without restrictions. These deficiencies may result from unfavorable market fluctuations occurring after the investment of new permanently restricted contributions and continued appropriation for scholarships that was deemed prudent by the Board of Trustees. There were no such deficiencies as of April 30, 2025 or 2024.

#### Return Objectives and Risk Parameters:

The Education Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to scholarships supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets may include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to preserve the principal of the endowment assets.

#### Strategies Employed for Achieving Objectives:

To satisfy its long-term rate-of-return objectives, the Education Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Education Foundation targets a diversified asset allocation that places an emphasis on equities and fixed income investments to achieve its long-term return objectives within prudent risk constraints.

#### Spending Policy and How the Investment Objectives Relate to Spending Policy:

The Education Foundation has a policy of appropriating for distribution each year a target of 2% - 5% of the value of the total portfolio's preceding 3-year average market value. Accordingly, over the long-term, the Education Foundation expects the current spending policy to allow for preservation of the principal.

#### 9. PENSION PLAN:

Substantially all Society employees meeting certain minimum service and age requirements are covered by a defined contribution plan and are 100% vested upon entrance into the plan after these eligibility requirements are met. The Society's contribution to the plan is calculated as 10% of the eligible employee's compensation. The eligible employees are also allowed to make contributions to the plan up to a maximum of 15% of their compensation. Plan funding is made in accordance with the provisions of the plan. The Society contributed \$102,065 and \$97,147 in the years ended April 30, 2025 and 2024, respectively.

#### 10. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS:

The Society manages its liquidity by operating within a prudent range of financial stability and maintaining adequate liquidity to fund near-term operations. The primary sources of revenue are members' dues and continuing professional education. The Society utilizes operating cash and reserves for any annual cash requirements, if any.

The following table reflects the Society's financial assets (cash and cash equivalents, accounts receivable, investments and other assets) as April 30, 2025 and 2024, reduced by amounts not available for expenses within one year of balance sheet date:

	<u>2025</u>	<u>2024</u>
Financial assets:		
Cash and equivalents	\$ 479,556	\$ 725,212
Investments	4,392,643	3,948,197
Accounts receivable, net	26,088	22,044
Total financial assets	4,898,287	4,695,453
Less: those unavailable for expenses		
within one year, due to:		
Board-designated endowment fund	(330,904)	(321,439)
Board-designated individual chapters' activity	(327,657)	(342,410)
Donor-restricted endowment fund	(262,108)	(234,808)
Financial assets available to meet cash needs for		
expenses in one year	\$ 3,977,618	\$ 3,796,796

#### 11. <u>REVENUE RECOGNITION</u>:

Membership dues are charged to members and recognized over time on a monthly basis as the performance obligation is satisfied. Any amounts not earned are recorded as a contract liability. CPE revenue consists of fees for events and classes that are recognized when the event occurs and the performance obligation is satisfied. Any amounts received for these classes that have not yet been earned are recorded as a contract liability. Peer review fees consist of fees for the performance of peer reviews for participating accounting firms and are recognized monthly when the peer review is performed. Any amounts received for peer reviews that have not yet been earned are recorded as a contract liability. Lagniappe ad sales revenue is recorded over time as the Lagniappe is published and distributed and the performance obligation is satisfied. The above sources of revenue are considered exchange transactions.

Contract assets consist of accounts receivable for CPE and peer review revenue. Contract liabilities consist of deferred revenue for member dues, CPE revenue, and peer review revenue.

Revenue from contracts with customers included the following for the years ended April 30, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Membership dues	\$ 1,196,354	\$ 1,209,951
CPE revenue	2,323,885	1,901,937
Peer review fees	350,351	295,895
Lagniappe ad sales	35,748	38,509
	\$ 3,906,338	\$ 3,446,292
Contract assets	\$ 16,875	\$ 21,012
Contract liabilities	\$ 212,907	\$ 220,411

#### 12. SUBSEQUENT EVENTS:

Management of the Society has evaluated subsequent events through August 4, 2025, the date that the financial statements were available to be issued.

#### 13. RECLASSIFICATIONS:

Certain 2024 amounts have been reclassified to conform with the 2025 financial statement presentation.
